

Bretherton Endowed Teaching and Learning Policy

*Walking in the footsteps of Jesus
with our Christian family, we learn,
grow, achieve and flourish together
in God's love.*

This policy has been created for Bretherton Endowed CE Primary School and The Hub before and after school provision.

This policy, has been created by and agreed upon by the teaching staff and Governing Body. At Bretherton Endowed CE Primary School we are committed to high quality teaching and learning to raise standards of achievement for all children. All teachers and governors have been consulted in developing this policy, which summarises expectations and common working practices. It reflects what has been agreed in terms of approach and consistency and makes explicit the best practice our school achieves. It also supports our vision. This policy should be read in conjunction with our subject policies.

Aims

- provide a supportive, positive, healthy, caring and safe environment, which has high expectations and values all members of the school community;
- recognise the needs and aspirations of all individuals and provide opportunities for all pupils to make the best possible progress and attain the highest personal achievements;
- ensure children can develop as literate, numerate and technologically competent individuals, within a broad, balanced, exciting and challenging curriculum;
- provide rich and varied contexts and experiences for pupils to acquire, develop and apply a broad range of knowledge, skills and understanding;
- provide a curriculum which promotes the spiritual, moral, social, cultural, physical, mental and emotional development of the pupils;
- develop individuals with lively, enquiring minds, good thinking skills, self-respect, self-discipline and positive attitudes;
- encourage all children to be enthusiastic and committed learners, promoting their self-esteem, self-worth and emotional well-being;
- develop children's confidence and capacity to learn and work independently and collaboratively;
- develop enduring values of respect, honesty, equality, integrity, tolerance, fairness and trust;
- encourage children to respond positively to the opportunities, challenges and responsibilities of a rapidly changing world;
- encourage children to value the diversity in our society, uphold British Values and the environment in which they live;
- encourage children to become active and responsible citizens, contributing positively to the community and society

Effective teaching leads to successful learning

Successful teaching takes account of children's prior learning and must ensure continuity and progression.

Successful teaching is:

- confident – teachers have a clear understanding of subject knowledge and setting objectives
- high expectation – there is optimism about, and high expectation of success
- well planned – there is differentiation with methods and organisation strategies which match curricular objectives and needs of all pupils
- interactive – pupil's contributions are encouraged, expected, extended- developing oracy and effective communicators
- characterised by high quality oral work
- well paced – there is a sense of urgency, driven by the need to make progress and succeed
- informed – by assessment outcomes

Environment

The learning environment will be managed in such a way as to facilitate different styles of learning.

Opportunities will be made for:

- whole class teaching;
- group work, organised according to appropriate criteria (i.e. ability, mixed ability, friendship, etc);
- one to one teaching;
- conferencing;
- collaborative learning in pairs or groups;
- independent learning.

Ensure effective use of time for both staff and pupils.

All areas of the learning environment will be planned for, including, where appropriate, the outside areas, in order to ensure opportunities for a range of practical activities, which will develop appropriate knowledge, skills and understanding.

Pupils will be involved in the maintenance and care of all equipment and resources.

Classrooms provide a stimulating and purposeful learning environment, including thought provoking and stimulating displays.

Planning

We are committed to following the programmes of study as required by the National Curriculum 2014. A cycle of National Curriculum

Programmes of Study is drawn up by staff and is carefully balanced to ensure full coverage of the National Curriculum, PSHCE and RE. We teach discrete subjects and highlight links between subjects and previous learning

Regular staff meetings are used to discuss various aspects of the curriculum and ensure consistency of approach and standards.

Planning takes place using a two year cycle, with Medium term and weekly plans.

Plans are based upon previous assessment data, pupil need and subject expectation.

We are committed to raising standards of basic skills.

Excellence

Excellence is celebrated in display and performance.

Each child is given an opportunity to have work displayed during the school year.

Sustained effort, including drafting and reworking, is encouraged to enhance standards.

School events such as performances and assemblies are seen as opportunities for all pupils to demonstrate their own best performance.

Pupils are encouraged to believe that any exhibited work (performance or display) should represent their highest standards of personal achievement.

‘Achievement Certificates’ are awarded weekly to celebrate individual academic or behavioural achievement. ‘Headteacher Awards’ are given to pupils who have achieved their personal best in an area of learning. Star letters home celebrate children who have gone over and above consistently in learning or our Ethos.

Homework

Homework is considered to be a valuable element of the learning process

Homework encourages children to talk about their work to their parents and explain what they are doing and how;

It enables children to practise and consolidate their skills and knowledge and strategies.

To view learning as a life long process and not just restricted to school hours.

Feedback and Marking

Feedback to pupils about their own progress is achieved through discussion and the marking of work.

Effective feedback helps children understand how to improve and comments aim to be positive and constructive; and is often done while a task is being carried out through discussion between child and teacher; Marking of written work is used sensitively and with discretion so that a child can assimilate a limited number of corrections at one time. This will vary according to the age, ability and task. All results from assessments are analysed and used to inform future planning. (See Assessment Policy)

Monitoring and Evaluation

Pupils’ work will be monitored and moderated regularly in each of the curriculum areas by the subject leaders and leadership team Pupil Progress Meetings will take place termly and includes discussions around our whole school Provision Map and the impact of the interventions that are used. Subject leaders will regularly monitor children’s books and speak to children about their learning. The Headteacher and subject leaders may evaluate teaching and learning on a regular basis. Performance Management cycle informs learning and teaching.
