Dear Alison and the whole school community

OFSTED

On behalf of the Board of Education, we extend our congratulations to you, Alison, and the entire school community at Bretherton Endowed CofE Voluntary Aided Primary School on the recent OFSTED inspection outcome. We are aware that the report has brought both celebrations and some disappointment but there is much to be proud of.

The inspection report highlights the school's wonderful ethos and vision, emphasising the positive impact on pupils. The warm greetings from staff, the focus on kindness, and the creation of a welcoming and proud school community are commendable achievements. Pupils' eagerness to learn, achieve highly in various areas of the curriculum, and actively pursue their talents and interests through diverse clubs are testament to the vibrant and enriching environment you have fostered.

We wish to specifically acknowledge the senior leadership team's commendable work, as evidenced in the positive behaviours, achievements, and confidence of the pupils. The report underscores the successful development of a calm and productive learning environment where pupils are well-mannered, confident, and articulate. The commitment to high expectations and the encouragement of responsible citizenship through roles of responsibility, such as digital leaders and members of the ethos group, showcases effective leadership and its positive impact on pupils.

Alison, please convey our appreciation to the entire school community for their hard work and dedication. We understand the importance of continuous improvement and assure you of our ongoing support. The achievements highlighted in the report are a testament to the collaborative efforts of the entire Bretherton Endowed CofE Voluntary Aided Primary School community.

Congratulations once again, and we look forward to witnessing the school's continued success in the future. Be assured of prayers.

Warm regards

Iain Parks
Director of Education
