*"Learning together, growing together, achieving together, caring together
within our Christian family"*

Dear Parents,

Network Rail are completing a bridge replacement in Croston during the summer holidays and their education/communication team have contacted us (Thanks Mr Townley) to come into school to talk to our year 6 in relation to safety on the railways and they have offered a site visit for the children to find out more about improvements in their local area. This visit will support our Geography and Design and Technology

The visit will take place in the morning of 3rd July, where the Network Rail team will come into school for the talk and then staff and any parent volunteers will transport the Year 6 class to Croston, to review the site and find out more about the engineering and safety required on projects. They will be back in time for their lunch as usual. The site will be 'stood down' while we are on location.

This is a great opportunity for them to find out about improvements in their area and ignite interest for future studies and careers.

Please sign the form below and return if you are happy to consent for your child to visit the area.

If you have any questions, please do not hesitate to contact me.

Kind regards,

Mrs A Moxham

I give permission for _____ to visit the Network Rail site and learn about environmental and structural improvement in our area on 3rd July 2018.

I will/ will not be able to support with transport that morning there and back.

Signed:

Tel No for that day:

Headteacher : Mrs Alison Moxham

Chair of Governors : Mr T. G. Wilson
