

## Welcome to St John the Baptist's Church, Bretherton.

It is lovely to see you all in church at the main events in the calendar- Easter, Harvest, Remembrance and Christmas time.

However, we would like to develop our church life and our role in the community so that more people would like to be involved throughout the year.

The truth is, the church community has been slowly declining and our finances are now unsustainable. We have to face the uncomfortable question -

- Is our church worth saving?
- And, if it is, how do we change to meet the needs of our 21<sup>st</sup> Century community?

In early January we will be having a few drop in afternoons, evening and weekend sessions to gather your views. It will be informal and relaxed; and we want to hear from you.

What do we need to start doing; and stop doing to make church a place you would like to be more a part of? We need your ideas, comments, thoughts and, yes, criticisms too.

For the next few months we will be keeping an 'Ideas board' in church and a supply of cards to record your thoughts. There are some on the pews to start today.

We need to know what you think, so if you can't make any of the January drop in sessions (or don't want to) please take a few moments to write down your thoughts and pin them on the board.

Alternatively you can e-mail them to: [revmwoods@gmail.com](mailto:revmwoods@gmail.com).

### Drop in sessions in Church:

**Saturday 11th January 3-5pm**

**Wednesday 15th January 2:30 - 4pm and 6 - 8 pm.**

A church only works if it meets the needs of its community - We need your help to know how to make it better together - so please do come and join us.

Thanks

*Michael Street*

*Revd Michael on behalf of the Parochial Church Council*
