

Good morning,

Just as an extra layer of infection control, from today, the children will be able to come straight into school at 8.45 in the morning to avoid gatherings on the playground and would encourage parents and adults collecting children to take additional precautions of spatial distancing when you come into the playground at the end of the day for the time being. Children will continue to come in their usual doors and wash their hands on entry to continue our hygiene measures.

If your child attends The HUB, we will collect them from the door and on collection will return them to the door. Please just ring the bell as usual. If you have any questions, please contact school or Kelly on The HUB mobile phone.

In response to this, we feel it an appropriate measure to postpone Parents Evening until a time where you can spend time celebrating your child's work and discuss your child's progress and happiness without having to think about the possible implications.

If you have any significant concerns about your child's education, please call us and we can arrange a telephone conversation, but if you are happy to wait, we hope to be able to fulfil our Parents Evening commitment in our usual personable, supportive and professional way at a later date.

Thank you for understanding and supporting the measures that we are putting in place. It is a time for love, care and thoughtfulness towards others and as a strong school community, please keep us informed if you need anything at this time and we will help or direct help you way.

Best wishes,

*Alison*
